

HONORS U.S. HISTORY
MR. WAGENBERG

THIRD QUARTER PROJECT

Assignment: You will create a mock Time magazine that analyzes a year in American history. Your cover story will be about “American of the Year”

Step 1: Choose a year between 1868 and 1992, and the American of the year; both must be approved.

Step 2. Start your research of the year of your choice, and your cover story American.

Step 3. Start writing articles for your Time magazine. In addition to a 750 word article on the “American of the Year,” six of the following features must be included in your magazine. The ones that are marked with a * are required and must be at least 500 words; others must be at least 250 words.

*Nation (government/laws/politics)	Education	Press
World	*Technology	Health
*Economy [or business]	People	*Living
Religion	American Scene	Books

In addition, the following ***must*** be included:

A cover that resembles a typical Time magazine—red border, the logo

Table of contents

Letter to the Editor appropriate for the era – be creative – have fun!

Advertisements (created, not downloaded) appropriate for the era – be creative – have more fun!

“From the Publisher”

A bibliography must be handed in with (but not as part of) your magazine. It must include:

- at least 3 primary sources

- at least 3 sources from periodicals (they may be primary or secondary)

- at least 4 books used as sources - no textbooks or encyclopedias permitted.

Of these sources, only the primary sources may be from the Internet.

- No more than 4 Internet sources permitted.

Step 4. Put the magazine together. Your cover story will be about the American of the year, so it will be the longest feature in your magazine. The other articles may vary in length from a few paragraphs (only one may be this brief) to 2 pages.

Step 5. Submit all written text, but no illustrations, in one file to Turnitin.com.

Special Notice – Yes, you may work with a partner. However, the magazine has to be twice as long (11 of 12 articles as required items) In addition, a feature article (750 words) on the “almost” American of the Year. So working with a partner means no less work, just, perhaps, more fun when creating the magazine.
